Vinyl Cladding Designed
for Elegance

Custom Designed & Built
Pergolas, Carports, Garages,
Workshops & Sheds

Mitten Vinyl Australia have been leading the marketplace for cladding materials for over 30 years.

Family owned and operated, we pride ourselves on supplying the Australian and New Zealand markets with high quality North American made Vinyl Cladding. We've forged a long-term working relationship with our trusted supplier, and we've been offering the same exceptional high-quality product for many years.

Crafted using the most advanced technology and highest quality raw materials, our range of products are guaranteed to suit any building, architectural, renovation or DIY cladding project.

Benefits of our vinyl cladding:

- No painting required
- Easy to clean- Low maintenance
- Limited lifetime warranty
- Weather resistant withstanding extreme elements of nature
- Our Colour Rich UV protection means 100% colour strength right through the board
- Insect, termite, and mould resistant
- Cost-effective
- Insulated, saving money on heating and cooling
- Installation is fast due to our Vinyl Claddings light weight and simple quick fix method.
- UV Stable using the latest co-extrusion uPVC manufacturing technology resulting in a high fade resistance

Granny Flats and Home Office's

We can help you achieve a cost-effective home or granny flat to suit your needs.

We can custom design your building for your land and needs.

We can work together either to lock-up or full build, whatever works for you.

The exterior can be cladded in Colourbond or a mix of Colourbond and a material to suit the look you wish to achieve.

Benefits include:

- Cost effective
- Durable
- Versatile
- Resistance to termites
- Low maintenance.

VINYL CLADDING

Mitten Vinyl Australia's vinyl cladding products are made for Australia's harsh conditions. They are available in various lengths, so there are fewer joins making them strong and high performing. We offer our vinyl cladding in a selection of profiles and colours, with colour matched trims, which never need painting.

CAMBRIDGE

Cambridge Vinyl Cladding delivers a modern stylish look with a Subtle Woodgrain Matte finish. Get a maintenance free exterior that never requires painting with guaranteed quality and durability.

- Most cost effective
- 5.84m & 8m lengths for minimal joins
- Wide colour range
- Subtle wood grain texture
- Chamfer (Dutchlap) profile

CEDARLINE

Cedarline Vinyl Cladding delivers a traditional weather board style with a flat profile and subtle brush Woodgrain finish. Get an exceptional modern look with the benefit of a low maintenance exterior.

- Shiplap style profile
- Painted timber effect
- Wide colour range

Industrial Sheds

CUSTOMISED LARGE INDUSTRIAL SHEDS TO SUIT YOUR NEEDS

Outdoor Garages and Sheds in Revesby, Sydney is the best choice when it comes to choosing large economical steel buildings. Whether you need it for mass storage, or an industrial workshop, you'll be able to customise a large industrial shed to suit your needs.

We use quality Australian BlueScope Steel components with over 20 Colourbond colours available.

With clear spans up to 35 metres and standard wall heights to 7 metres, Outdoor Garages and Sheds can design a cost-effective factory unit, warehouse or large shed to suit your requirements and ample room for most small to medium industrial applications. Foundation systems can also be customised to suit your specific needs.

All buildings come fully engineered and certified to Australian standards ensuring your peace of mind regarding structural integrity.

Pergolas & Patios

CREATE A MORE ENJOYABLE AND PRACTICAL OUTDOOR SPACE

Outdoor Garages and Sheds Sydney can build you an entertainment area structure such as a patio, veranda, awning, pergola or carport which will create a more enjoyable and practical outdoor space whilst improving the aesthetic appeal of your home.

We offer an extensive range of outdoor living options with Steel Veranda, Pergola, Patio, Carport, and Awning solutions for outdoor living. All Quality Australian made BlueScope Galvanised Steel framing.

Get outdoors, sit back and enjoy the great Australian lifestyle with your family and friends.

VERTICAL

Vertical Vinyl Cladding has a lightly textured brush finish and is ideal for hard to maintain areas such as eaves, high roof gables, gable ends, second story additions and infills.

If you are looking for a nice feature wall on your property, vertical cladding is a great option.

GABLES & EAVES

Roof gables can be clad with either vertical or horizontal weatherboards. Vertical boards can also be used for eave linings under roofs and ceiling linings under porches and Verandas, making it ideal for those hard-to-reach areas.

- Lightly textured brush finish
- Wide colour range
- Shadow line effect

Vinyl Cladding is a Type B cladding, please refer to the NCC (National Construction Code).

Carports

A carport is the ideal solution for shielding your vehicle from the elements.

We specialise in providing affordable Colorbond carports in Sydney. Our carports are tailored to your unique specifications for your home or business.

Protect your car, Ute, caravan or motorbike with durable vehicle coverings in a range of styles and sizes. High quality and cost-effective way of providing a shelter for. Carports in Sydney are so accessible.

Outdoor Garages and Sheds pride ourselves on delivering a bespoke service from concept through to completion. You can choose the width, length, and height of your carport to suit your outdoor space. Affix your carport to the side or front of your garage, giving you a secure place for storage or create an additional workshop.

GARAGES & SHEDS

Whether you require a single car, double car, triple car or multi car garage, we can help you design and build a Colorbond garage to suit your Sydney property.

We can customise everything about your garage. The size, height, doors, windows, walls and roof. Add a workshop, insulation, ventilation, and more.

Made from quality Australian made Bluescope Colorbond steel, mix and match horizontal and vertical cladding in a huge range of modern colours for more pizzazz!

Colourbond steel garages are cost effective in comparison to timber and brick options

- We offer a total package from concept design to completion.
- We provide you with good old fashion customer service.
- We provide site specific designs & engineering calculations.
- We're ShedSafe Accredited, so you can rest assured that your garage is designed to meet Australian Standards and the Building Code of Australia.

OFFERING EXTENSIVE PRODUCT KNOWLEDGE AND INSTALLATION EXPERIENCE

Mitten Vinyl Australia is committed to helping you create your perfect home

Insulated vinyl cladding boosts a home's 'R Value', contributing to energy efficiency.

Almost no waste is generated during production.

Requires simple up keeping by washing with mild soap and water.

All of our products are available in a variety of colours, and we offer an extensive range of trims, accessories and hardware to support your project.

Our range is manufactured to Australian Standards AS/NZS 4256.4, with the Cambridge and Cedarline Cladding proudly carrying BRANZ Appraisal for safe and approved installation on building projects throughout Australasia.
